Subject: HBL
EPA Registration No.: 5813-105
Application Date: 06/18/2013
EPA Receipt Date: 06/24/2013

Dear Ms. Timberman:

The following amendment submitted in connection with registration under FIFRA, as amended, is acceptable.

Proposed Amendment

- Addition of Home Healthcare language along with minor label revisions

General Comments

A stamped accepted label is enclosed for your records. This labeling supersedes all previous labeling. The next printing of this product must use this labeling unless subsequent changes have been approved. You must submit one copy of the final printed label before selling or distributing the product bearing the revised labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling, or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and it's implementing regulation at 40 CFR 152.3.

Should you have any questions or comments concerning this letter, you may contact Jaclyn Pyne by telephone at (703) 347-0213 or by e-mail at pyne.jaclyn@epa.gov. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

Demson Fuller

Subject: Clorox Home Health Care Concepts Kits
EPA Registration Nos: 5813-105, 56392-8, 67619-26

Dear Ms. Timberman:

This correspondence is to acknowledge the kit language and formatting with the stamped labels dated August 14, 2013 for the registrations referenced above. The placement of the ingredient statement on kit packaging is acceptable on the back panel with the rest of the product-specific information. The kit graphics and inserts have been reviewed by EPA for consistency with the master label, even though they will not be stamped as part of the label. The kit itself does not need its own registration and EPA allows registrants the option of using alternate brand names for each of the existing registrations of the products inside the kit. Each alternate brand name identifies the product as part of the kit, but is unique.

Should you have any questions or comments concerning this letter, you may contact Jaclyn Pyne by telephone at (703) 347-0213 or by e-mail at pyne.jaclyn@epa.gov. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

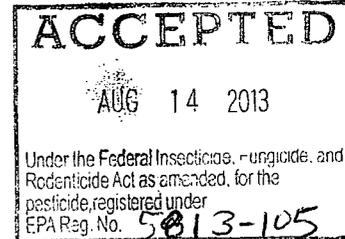

Sincerely,

Demson Fuller
Acting Product Manager (32)
Regulatory Management Branch II
Antimicrobials Division (7510P)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
[Always refer to manufacturer's care instructions before using on [equipment] -or- [devices].]

To Clean, Disinfect, and Deodorize in One Step: Spray 6" – 8" from hard, nonporous surface until [surface is] completely wet. To disinfect, let stand for one -or- 1 min[ute]. Wipe with a clean, damp cloth or paper towel or allow to air dry. For food contact surfaces, rinse with potable water. For all other surfaces no rinsing is required. Gross soil must be removed prior to disinfecting.

To Clean: Follow directions above [or apply with a clean cloth, mop, or sponge saturated with [***Product Name***] [***this product***] until surface is completely wet. (When applying with a saturated cloth or sponge, gloves should be worn.) No standing time is required. If streaking is observed, wipe with a clean, damp cloth or paper towel.

NOTE TO REVIEWER: This statement to be used on labels with medical devices used in home healthcare settings:

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

General/Cleaning/Deodorizing/Non-Pesticidal Claims:

[Now] [New][!] -and/&/or- [Improved] **to be used as a claims descriptor only for the first 6 months of product on shelf.**

- Advanced cleaning formula
 - Can be use on many -or- most [hard] nonporous surfaces
 - Clean Home
 - Cleaning made easy
 - Cleans the toughest soils
 - Cleans tough messes -or- soils
 - Contains -or- made with -or- from-or- formulated with [the cleaning power of] [Clorox®] bleach
 - Convenient
 - Cuts cleaning time
 - Deep clean[ing] [formula]
 - Delivers a clean you can see and smell
 - Deodorizes
 - Designed for Home Healthcare -and/or- patients -and/or- caregivers
 - Dries quickly
 - Easy -and/or- convenient to use -and/or- handle
 - Effectively removes every day soils
 - Eliminates [daily] mixing and measuring
 - Eliminates odors from fecal matter and urine
 - For a cleaner, fresher household
 - [For] Cleaning
 - [For] general use
 - [For] Home [Care]
 - For [home] healthcare use
